RUSS SALVATORE, SALVATORE'S ITALIAN GARDENS

"Enviro-Care helped with fire restoration and later with floods in a room where the water line broke. Within six hours, a foot of water was removed for a wedding that night. They did a great job – fast, efficient, very neat. I could find no complaints at all. Their work was very well organized."

PATRICK M. GALLIVAN, FORMERLY SHERIFF, ERIE COUNTY

"Please extend my family's sincere gratitude to everyone at Enviro-Care for your prompt and professional service following severe flooding at our home. Your customer service was outstanding, as was the quality of your work."

TWENTIETH CENTURY CLUB

"Regarding smoke damage, I was very pleased with the cleaning. They were thorough. Their procedures were professionally handled. They knew what they were doing. After the smoke, the next day we served 100 lunches."

NEWSTEAD FIRE COMPANY

"Early Halloween morning last year, we suffered a fire at our main fire hall. We had considerable smoke and soot damage. Enviro-Care did a commendable job cleaning our walls, ceilings, floors and furniture in the fire hall. We were open Sunday for our weekly bingo night. The crew was efficient. We were pleased with their service."

ELMWOOD FRANKLIN SCHOOL

"They responded immediately on a weekend. Within a shot, they were here. They first responded to a fire clean-up. They responded to smoke damage and handled electricians and plumbers in two days. In 5-6 work days we were on track with boilers, electrical work and power wash. They were good people to work for me. They were fine. They were nice about everything. They even freeze-dried documents for me."

MRS. WRAY CARLTON

"Following a flooded basement we called Enviro-Care to help us. The clean-up crew was extremely professional and helpful, and everyone was super to work with. The entire process was made easy for us and we are very pleased with the services of Enviro-Care. We highly recommend Enviro-Care."

BUFFALO FIRE DEPARTMENT / FIRE INVESTIGATION UNIT

"I would like to nominate Enviro-Care for the Better Business Bureau Torch Award. The members of this unit have worked very closely with the employees of Enviro-Care. They have assisted us with owner information and given advice to victims of a fire to enable them to recover from their loss in the most expeditious manner."
